# REVITILYTE GEL™

Item Number: 70-218

## Indications

Maintaining normal electrolyte balance during competition or stressful situations is essential, and electrolytes lost need to be replaced. Apple flavored Revitilyte Gel™ is an easy to administer, on-the-go gel, providing concentrated amounts of Sodium, Potassium, Chloride, Magnesium, Calcium and Zinc, along with select vitamins and essential amino acids to maintain normal electrolyte balance. Also contains minimal dextrose to improve palatability.

## Directions for Use

Suggested for use as a nutritional source of energy, electrolytes and for use before and after competition or strenuous exercise, to maintain normal electrolyte balance. Can also be used in stressful situations such as illness, shipping, weaning, etc. Administer 30 cc of Revitilyte Gel™ directly from syringe onto back of horse's tongue. Repeat as needed. Provide fresh clean water at all times.

## Warnings

Keep out of reach of children. For animal use only. Store in a cool, dry place. Do not give to animals without a swallowing reflex.

## GUARANTEED ANALYSIS
